### RATES AND SERVICES

Prestige Services designs, creates and publishes custom web sites. We work directly with clients, using their own memos, photos and promotional materials, to create a distinctive website that reflects the personality of their business. Through our own experience with online retail, we can get your eCommerce web site up and running in no time, including securing an online merchant account and shopping cart. We can also help with print layout and publishing, as well as the preparation and distribution of newsletters and brochures.
